(O). Transfer -	Two access roads.
(P). Transfer -	State constructed frontage road.
(Q). Transfer -	State Constructed frontage road.
(R). Transfer -	State constructed frontage and cross roads, Proj. No. I-80-4(30)135.

R E S O L U T I O N

WHEREAS, with the completion of the Federal-aid Interstate System and portions thereof, there will be a need for revision in route numbering.

NOW, THEREFORE, pursuant to the above need, the policy of the Utah State Road Commission as an interim guide, pending the development of national uniform standards, should be:

1. Where U. S. or State routes coincide with the Interstate location, where Interstate construction is completed, only Interstate route markers will be displayed.
2. Where U. S. routes converge with an Interstate route, and at State borders, signs will be placed indicating that the U. S. or State numbered route will follow the Interstate route involved.
3. Where U. S. or State routes diverge from the Interstate, the normal junction sign will be placed with an arrow indicating the direction the routes take as they leave the Interstate location.
4. Routes into and through communities presently served by U. S. or State routes will be signed with existing U. S. or State route numbers.
5. Business route numbering shall be established for routes principally within the corporate limits of a city.
6. Where the Interstate alignment relocates a U. S. or State numbered route, and such route becomes essentially a local service function and is abandoned to local jurisdiction, the U. S. or State route shall be carried on the Interstate System.

Date this 26th day of May, 1964.

Transfer of State Constructed Roads

WHEREAS, with the completion of Interstate construction projects in Salt Lake County has resulted in the construction of frontage roads and bypass roads and,

WHEREAS, these roads will serve as public roads though not justified as part of the State System of Highways and,

WHEREAS, it has been recommended by Mr. J. Q. Adair, District Engineer, and concurred in by the Salt Lake County Commission, that these various road sections be transferred to the jurisdiction of Salt Lake County.

NOW THEREFORE, be it resolved as follows:

1. That the following roads constructed as a part of the Interstate construction projects in Salt Lake County be transferred to the jurisdiction of Salt Lake County as follows:

<u>Identification No.</u>	<u>Location</u>
2	From 90th South, northerly along the east side of I-15 to where it connects with 300 West, at approximately 8600 South.
3	From 90th South, south along the east side of I-15 to a connection on 300 West.
4	From 90th South, south along the west side of I-15 to 94th South.
5	From 10000 South, south along the east side of I-15 to approximately 10200 South.
6	From a point north of 10600 South, south along the west side of I-15 to 11000 South.
7	From 11400 South, south along the west side of I-15 to 11800 South.

RESOLUTION

Transfer of State Constructed Roads

Salt Lake County

Page 2

- 8 From 11800 South, south along the east side of I-15 to 13800 South.
- 9 From 12300 South, south along the west side of I-15 to 13800 South.
- 11 From 1700 North, northerly on the east bank of the City Drainage Canal to approximately 2700 North.
- 12 From 300 West, easterly along the north side of 3900 South to the grade separation over I-15 (D.&R.G.W. R.R.).
- 13 From 300 West, west along the south side of 3900 South to near the grade separation over I-15.
- 14 From 300 West, west along the north side of 3900 South to a point near I-15.

2. That by this action Salt Lake County "B" mileage will be increased 8.60 miles.

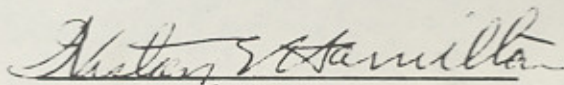

3. That the letter from Mr. J. Q. Adair to Mr. Gunderson, Director, Salt Lake County Highway Department, relating the roads to be transferred to the jurisdiction of Salt Lake County is hereby incorporated as a part of this submission.

4. That the letter of concurrence from the Salt Lake County Commission is hereby incorporated as a part of this submission.

5. That the maps attached illustrating the action taken herewith is hereby incorporated as a part of this submission.

Dated this 29th day of March, 1968.

J. Q. ADAIR
DISTRICT ENGINEER

16 January 1968

Mr. LaMont B. Gunderson, Director
Salt Lake County Highway Department
165 Sunnyside Street
Midvale, Utah 84045

Dear Mr. Gunderson:

The Department of Highways is interested in updating the "B" & "C" roads funds for those agencies involved in the Interstate program where frontage roads have been constructed.

The attached maps, Exhibits IV-A, B, C and D, show roads in your area with the following descriptions:

EXHIBIT IV-A

- (1) West side of SR-111 from 118th South, westerly, crossing SR-111 to the southeast side of SR-111, thence back across SR-111 into the populated area of Lark, thence back onto SR-111;

EXHIBIT IV-B

- (2) East side of I-15 from 90th South, northerly to where it connects with 300 West, just south of approx. 8600 South;
- (3) " " I-15 from 90th South, for a short connection on 2nd West;
- (4) West " I-15 from 90th South to 9400 South;
- (5) East " I-15 from 100 South to approx. 102 South;
- (6) West " I-15 from just north of 106th South to 110th South;
- (7) West " I-15 from 114th South to 118th South

See Page 2

"safe today - alive tomorrow"

DISTRICT TWO FILE

EXHIBIT IV-B Continued:

- (8) East side of I-15 from 118th South, on east side of State Street, following along east side of I-15 to Draper Crossroads, thence southerly to 138th South - (partially constructed area);
- (9) West " " I-15 from 123rd South (Draper Crossroads) to 148th South;
- (10) SR-111 from SR-111 westerly to Jordan River.

EXHIBIT IV-C:

- (11) East of I-215 (Belt Route) from 1700 North, northerly on the east bank of the City Drainage Canal to approximately 2700 North;

EXHIBIT IV-D:

- (12) North side of 3900 So. from 2nd West to the grade separation over I-15 (D&RGW RR);
- (13) South " " 3900 So. from 2nd West to near the grade separation over I-15;
- (14) North " " 3900 So. from 2nd West to near the UPRR.

If Salt Lake County approves the acceptance of these sections of road, we would appreciate receiving a letter of your approval at an early date. Then, as soon as the State Highway Department approves the transaction, you will be credited with the funds for their maintenance.

Yours truly,

UTAH STATE DEPARTMENT OF HIGHWAYS

RESOLUTION

State Constructed Access Roads

WHEREAS, on June 26, 1970, the Utah State Road Commission adopted a resolution relinquishing and conveying frontage and access roads between Black Rock Beach and Pebble Beach in Salt Lake County to Salt Lake County, and

WHEREAS, the Bureau of Public Roads on July 20, 1970, approved the relinquishment and conveyance of these roads to Salt Lake County, and

WHEREAS, two segments of these roads were erroneously transferred, as they are totally within the no-access line.

NOW THEREFORE, be it resolved as follows:

That the N-1 Ramp between engineers stations 25+13 and 12+15 and the Garfield Cutoff between engineers stations 30+00 and 22+00 be retained as part of the State System of Highways.

That by this action Salt Lake County "B" mileage will decrease 0.4 + - mile.

That the map illustrating the action taken herewith be hereby incorporated as a part of this submission.

That this action become effective upon the approval of the Bureau of Public Roads indicating their concurrence in the retention of the aforementioned roadway as part of the State System of Highways.

Dated this 25th day of August, 1970.

Dear Mr. Hanson:

Subject: State Constructed Access Roads in Salt Lake County

On August 28, 1970, the Utah State Road Commission adopted a resolution to retain on the State Road System two segments of roads erroneously transferred to Salt Lake County on July 20, 1970.

The two roadways being retained are the N-1 Ramp between engineers stations 25+13 and 12+15 and the Garfield Cutoff between engineers stations 30+00 and 22+00.

By this action Salt Lake County "B" mileage will decrease 0.4 + - mile.

RESOLUTION

Relinquishment of State Constructed Frontage Roads

WHEREAS, the completion of Interstate Project I-IG-80-3(20)101 in Salt Lake County has resulted in the construction of frontage and access roads between Black Rock and Pebble Beach, and

WHEREAS, these roads will serve as public roads though not justified as part of the State System of Highways, and

WHEREAS, it has been recommended by Mr. J. Q. Adair, District Engineer, and concurred in by the Salt Lake County Commission that these frontage and access roads be relinquished and conveyed to the jurisdiction of Salt Lake County.

NOW THEREFORE, be it resolved as follows:

That the Utah State Road Commission relinquishes and conveys the resort frontage roads and that portion of the Garfield Cutoff Road between engineers stations 21+60 to 30+00 and that portion of N-1 Ramp between engineers stations 12+10 to 25+13 to Salt Lake County for use as a public highway subject to the following conditions:

- a. That Salt Lake County may not abandon these roads as public roads without prior approval of the Utah State Road Commission and the Bureau of Public Roads.
- b. That should it be found at any time that any part of the facilities relinquished are required for the safe and proper operation of the Federal-aid Highway, the facilities will revert to the State Road Commission without cost.

That by this action Salt Lake County "B" System mileage will increase 4.4 + - miles.

Coalville, Utah 84017

Dear Mr. Porter:

Subject: Transfer of Frontage Roads in Summit County

Effective March 5, 1970, the U.S. Department of Transportation, Federal Highway Administration, Bureau of Public Roads, approved the transfer of those frontage roads in Summit County constructed as a part of Projects I-80-4(17)141 and I-IG-80-4(10)153 to the jurisdiction of Summit County.

By this action Summit County "B" mileage will increase 4.2 miles on Project I-IG-4(10)153 and 7.6 miles on Project I-80-4(17)141, a total of 11.8 - - miles.

Attached are the copies of the resolutions and location maps.

Very truly yours,

B. Dale Burningham

RESOLUTION *(Det)*

Relinquishment of State Constructed Frontage and Access Roads

Not Reg

WHEREAS, the completion of Project I-80-2(15)31 has resulted in the construction of access roads and frontage roads between Glive and Low in Tooele County, and

WHEREAS, the constructed frontage and access roads will serve as public roads though not justified as part of the State System of Highways, and

WHEREAS, it has been recommended by Mr. J. Q. Adair, District Engineer, and concurred in by the Tooele County Commission, that these frontage and access roads be relinquished and conveyed to Tooele County.

NOW THEREFORE, be it resolved as follows:

That the Utah State Road Commission relinquishes and conveys the frontage and access roads as noted on the attached map to Tooele County for use as public highways subject to the following conditions:

- a. That Tooele County may not abandon these roads as public roads without prior approval of the Utah State Road Commission and the Federal Highway Administration.
- b. That should it be found at any time that any part of the facilities relinquished is required for the safe and proper operation of the Federal-aid highway, the facilities will revert to the State Road Commission without cost.

That the maps showing the roadways to be relinquished are hereby incorporated as a part of this submission,

That the letter from Tooele County relating their concurrence in the roads to be transferred to their jurisdiction be hereby incorporated as a part of this submission,

That the memorandum from Mr. J. Q. Adair, relating to his recommendations transferring the subject roads to Tooele County be hereby incorporated as a part of this submission,

RESOLUTION
Relinquish
Tooele County
Page 2

RESOLUTION

Relinquishment of State Constructed Frontage and Access Roads

WHEREAS, the completion of Project I-IG-80-2(9)79 3rd and 4th Contracts has resulted in the construction of frontage and access roads between Rowley and Lake Point in Tooele County, and

WHEREAS, the constructed frontage and access roads will serve as public roads though not justified as part of the State System of Highways, and

WHEREAS, it has been recommended by Mr. J. Q. Adair, District Engineer, and concurred in by the Tooele County Commission that these frontage and access roads be relinquished and conveyed to Tooele County.

NOW THEREFORE, be it resolved as follows:

That the Utah State Road Commission relinquishes and conveys the frontage and access roads to Tooele County for use as public highways as follows:

<u>Road Designation</u>	<u>Engineers Station</u>	<u>Length</u>
Road # 2	1+00 to 17+25.50	0.308
Road # 3	31+20.45 to 56+48.05	0.479
Burmester Connection	270+26.66 to 332+37.85	1.176
Road # 4	25+00 to 71+99.28	0.890
L-Line	1+59.10 to 36+64.19	0.664
Old SR-2	36+64.19 on L-Line to end of road	0.785

That these transfers are subject to the following conditions:

a. That Tooele County may not abandon these roads as public roads without prior approval of the Utah State Road Commission and the Federal Highway Administration.

b. That should it be found at any time that any part of the facilities relinquished is required for the safe and proper operation of the Federal-aid highway, the facilities will revert to the State Road Commission without cost.

RESOLUTION

Relinquishment of State Constructed Frontage and Access Road

Tooele County

Page 2

That the old alignment of State Route 2 from State Route 138 north-westerly a distance of 6.3 miles to a point near the right of way line of Interstate Route 80 be transferred to the jurisdiction of Tooele County in accordance with the resolution adopted by the Utah State Road Commission on October 29, 1965,

That the letter from Mr. J. Q. Adair, to the Tooele County Commission, relating to his recommendations transferring the subject roads to Tooele County be hereby incorporated as a part of this submission,

That the letters from Tooele County relating their concurrence in the roads to be transferred to their jurisdiction be hereby incorporated as a part of this submission,

That the maps showing the roadways to be relinquished are hereby incorporated as a part of this submission,

That by this action Tooele County "B" mileage will increase 10.6 + - miles,

That this action pertaining to the frontage and access roads becomes effective upon the approval of the Federal Highway Administration indicating concurrence in the aforementioned relinquishment and conveyance of roads in accordance with the Federal Highway Administration's Policy and Procedure Memorandum 80-5.

Dear Commissioner Smith:

DISPOSITION OF STATE CONSTRUCTED FRONTAGE ROADS

The State Road Commission would like to transfer the following sections of roads to the County of Tooele for maintenance responsibility: (See the attached maps, road sections marked in red.)

US 40 from Timpie to Stansbury Connection and a section at Stansbury	- approximately 8 mi.
Frontage roads at Burmester	- approximately 2 mi.
Frontage roads at Lakepoint Structure	- approximately 2 mi.
Frontage road from Knolls to the east side of Sec. 10 R. 11 W. TIS	- approximately 11 mi.
Frontage road on east side of Sec. 10 to Low Connection to Aragonite	- approximately 8 mi.
	- approximately 1 mi.

If Tooele County approves the acceptance of these sections of road we would appreciate receiving a letter of such approval at an early date. As soon as the State Highway Department approves the transaction, you will be credited with "B" funds for their future maintenance.

Very truly yours,

J. Quintin Adair

FROM : George W. Bohn
for Division Engineer
Salt Lake City, Utah*Charles H. Culp*SUBJECT: FAP System Action: Transfer of Frontage and Access
Roads in Tooele County

We concur with Mr. Jester's September 14, 1972, request that certain roads be relinquished and conveyed to the jurisdiction of Tooele County.

This particular action, the first for 1972, involves both FAP 2 and FAP 11. The action by the Utah State Road Commission on October 29, 1965, as noted in the resolution (September 8, 1972), is based on a different FAP 2 alignment near Lake Point than the actual as-constructed alignment. This difference decreases FAP 11 by about 0.8 miles and increases FAP 2 by about 0.8 miles. Please forward revised system descriptions to this office for these two routes reflecting the mileage changes.

The July 7, 1971, letter from the Tooele County is evidence of the agreement and cooperation of the local officials: I V E D

RESOLUTION

NIR

Relinquishment of State Constructed Frontage and Access Roads

WHEREAS, the completion of Project I-80N-5(12)40 has resulted in the construction of frontage and access roads between Tremonton and Elwood in Box Elder County, and

WHEREAS, the constructed frontage and access roads will serve as public roads though not justified as part of the State System of Highways, and

WHEREAS, it has been recommended by Mr. B. L. Taylor, District #1 Engineer, and concurred in by the Box Elder County Commission, the Tremonton City and Elwood City Officials, that these frontage and access roads be relinquished and conveyed to their respective jurisdiction.

NOW THEREFORE, be it resolved as follows:

That the Utah State Road Commission relinquishes and conveys the frontage and access roads to Box Elder County for use as public highways as follows:

<u>Road Designation</u>	<u>Engineer Station or Location</u>	<u>Length</u>
"J" Line	10+00 to 30+98	0.39
"H" Line	4+00 to 31+23	0.52
"G" Line	0+00 to 13+18	0.25
"W" Line	553+52 to 540+00	0.26
"T" Line	9+95 to 13+00	0.06

That the Utah State Road Commission relinquishes and conveys the frontage and access road to Tremonton City for use as a public highway as follows:

<u>Road Designation</u>	<u>Engineer Station or Location</u>	<u>Length</u>
"W" Line	540+00 to 533+68	0.12

That the Utah State Road Commission relinquishes and conveys the frontage and access road to Elwood City for use as a public highway as follows:

RESOLUTION

Relinquishment of State Constructed Frontage and Access Roads
Box Elder County
Page 2

<u>Road Designation</u>	<u>Engineers Station or Location</u>	<u>Length</u>
"F" Line	20+00 to 50+95	0.59

That these transfers are subject to the following conditions:

a. That Box Elder County, Tremonton City, or Elwood City, may not abandon these roads as public roads without prior approval of the State Road Commission and the Federal Highway Administration.

b. That should it be found at any time that any part of the facilities relinquished is required for the safe and proper operation of the Federal-aid highway, the facilities will revert to the State Road Commission without cost.

That the letters from Box Elder County, Tremonton City and Elwood City, relating their concurrence in the roads to be transferred to their respective jurisdiction be hereby incorporated as a part of this submission,

That by this action Box Elder County "B" mileage will increase 1.48 + - miles, and Tremonton City "C" mileage will increase 0.12 + - mile, and Elwood City "C" mileage will increase 0.59 + - mile,

That this action pertaining to the frontage and access roads becomes effective upon the approval of the Federal Highway Administration indicating concurrence in the aforementioned relinquishment and conveyance of roads in accordance with the Federal Highway Administration's Policy and Procedure Memorandum 80-5.

That the map showing the roadways to be relinquished are hereby incorporated as a part of this submission,

Dated this 28th day of November, 1974. 5

Re: I-80N-5(12)40

Dear Mr. Taylor,

With reference to the above Interstate and concerning the frontage road along I-80N-5(12)40 totaling 1.379 miles to be transferred to the jurisdiction of Box Elder County, please be advised as follows:

Box Elder County concurs with this transfer and request you transfer and have these roads added to our Class "B" mileage.

Yours very truly,

Malcolm C. Young

Utah State Highway Commission

128-17th Street

Ogden, Utah

Dear Sirs

Elwood Town board have discussed your proposition concerning the turning over of the recently completed frontage road by I 80 in Elwood Town to the town for future maintenance. The board has decided to accept it after proper safety markers or railings or barricades are installed over by the canal bridge and at the turn by the interstate on the northwesterly end of the road. They understand that there will also be caution signs installed where needed to warn of curves etc

Sincerely yours

Elwood Town Corp

Division EngineerTO: Mr. Blaine J. Kay, P.E.
07-SP Director of Highways
Salt Lake City, Utah

Reference is made to Mr. L. R. Jester's January 3, 1974, memorandum on the above subject.

This office concurs in the relinquishment of frontage and access roads, constructed as part of Project I-80N-5(12)40, to Tremonton City Corporation and Box Elder County. The resolution of the State Road Commission of Utah setting forth the conditions of the relinquishment and the letters of concurrence from the local governmental agencies are accepted as evidence for meeting the requirements of PPM 80-6.1.

The request to relinquish an access road to the Elwood Town Corporation is also approved subject to settlement of the conditions placed upon such relinquishment by the town of Elwood.

RESOLUTION

Relinquishment of State Constructed Frontage and Access Roads

WHEREAS, the completion of Projects I-80-3(37)129 and I-80-3(41)134 has resulted in the construction of frontage and access roads between Lambs Canyon and the Salt Lake County line in Salt Lake County, and

WHEREAS, the constructed frontage and access roads will serve as public roads though not justified as part of the State System of Highways, and

WHEREAS, it has been recommended by Mr. J. Quintin Adair, District #2 Engineer, that these frontage and access roads be relinquished and conveyed to the jurisdiction of Salt Lake County, and

WHEREAS, the proposed transfers have been discussed with Salt Lake County Officials and said Officials have not furnished a statement concurring or not concurring in the transfers, or disposition of these frontage and access roads.

NOW THEREFORE, be it resolved as follows:

That the Utah State Road Commission relinquishes and conveys the frontage and access roads to Salt Lake County for use as public highways as follows:

<u>Road Designation</u>	<u>Engineers Station or Location</u>			<u>Length</u>
Frontage Road "R-3"	9+58	to	15+20	0.10
Frontage Road "R"	8+92	to	75+59	1.26
"R-1" Line	10+00	to	19+88	0.19
"R" Line	102+79	to	186+49	1.59

That these transfers are subject to the following conditions:

a. That the Salt Lake County may not abandon these roads as public roads without prior approval of the Utah State Road Commission and the Federal Highway Administration.

b. That should it be found at any time that any part of the facilities relinquished is required for the safe and proper operation of the Federal-aid

RESOLUTION

highway, the facilities will revert to the State Road Commission without cost.

That the map showing the roadways to be relinquished are hereby incorporated as a part of this submission,

That by this action Salt Lake County "B" mileage will increase 3.14 + - miles,

That this action becomes effective upon the approval of the Federal Highway Administration indicating concurrence in the aforementioned relinquishment and conveyance of roads in accordance with the Federal-aid Highway Program Manual, Volume 6, Chapter 1, Section 1, Subsection 8.

RESOLUTION

Redesignation of Various State Routes

WHEREAS, it has been determined that it would be advantageous for record keeping and developing a Highway Reference System that various state routes be redesignated by hierarchy with the route number being synonymous with the US route designation, and

WHEREAS, this proposed revision of State Route Designations is concurred in by all District Directors.

NOW THEREFORE, be it resolved as follows:

That Interstate Route 15 be designated as State Route 15 and by this action delete the designation of State Route 1 and redesignate present State Route 15 as State Route 9,

That Interstate Route 80 be designated as State Route 80 and by this action delete the designation of State Route 2 and redesignate present State Route 80 as State Route 92,

That Interstate Route 80N be designated as State Route ~~82~~⁸⁴ and by this action delete the designation of State Route 3 and redesignate present State Route ~~82~~⁸⁴ as State Route ~~126~~⁸²,

That Interstate Route 70 be designated as State Route 70 and by this action delete the designation of State Route 4 and redesignate present State Route 70, part of State Route 102, part of State Route 69, part of State Route 16 and State Route 51 as State Route 30 and by this action delete the designation of State Route 51,

That Interstate Route 215 be designated as State Route 215 and by this action delete the designation of State Route 5,

That US-6 and 50 from the Utah-Nevada State line to Delta be designated as State Route 6 and that US-6 from Delta to the junction with I-70 west of

RESOLUTION

Redesignation of Various State Routes

Page 2

Green River also be designated as State Route 6 and by this action delete the designation of State Route 27,

That US-40 be designated as State Route 40 and by this action delete the designation of State Route 6 and redesignate present State Route 40 as State Route 134,

That US-50 from Delta to Salina be designated as State Route 50 with the exception of that section coincident with Interstate Route 15 and by this action delete the designation of State Route 26 and redesignate a part of present State Route 50 as State Route 26,

That US-89 be designated as State Route 89 with the exception of those sections coincident with Interstate Route 70, US-6, I-15 and US-91 and by this action delete the designation of State Route 259, part of State Route 11, part of State Route 28, State Route 32, State Route 8, State Route 271, part of State Route 106, State Route 169, State Route 49, part of State Route 50, part of State Route 84, State Route 13 and the remaining part of State Route 16, redesignate present State Route 89 as State Route 169 and redesignate that portion of State Route 84 from Brigham northerly to State Route 30 as State Route 13,

That US-91 be redesignated as State Route 91 and by this action delete the designation of State Route 85,

That US-189 be designated as State Route 189 with the exception of those sections coincident with US-40 and Interstate Route 80 and by this action delete the designation of State Route 7, 151 and part of State Route 35,

That US-163 be designated as State Route 163 and by this action delete the designation of State Route 47, part of State Route 9 and redesignate present State Route 163 as State Route 78,

That US-666 be designated as State Route 666 and by this action delete

2

RESOLUTION
Redesignation of Various State Routes

Gentlemen:

The Route Numbering Committee reviewed the application coming from the Idaho Department of Transportation, and concurred in by the Utah Department of Transportation, for the redesignation of I-80N.

After reviewing the application, together with objections raised by States of Washington and Oregon, the Committee voted to redesignate I-80N as I-84, subject to concurrence by the Federal Highway Administrator, and with the State of Oregon in consultation with the States of Utah and Idaho to make the determination when the sign change would take place; but no later than July 1st, 1980.

This action was reviewed by the Executive Committee at its meeting on July 7th, 1977, and concurred therein.

Sincerely,

H. J. Rhodes
Deputy Director

Relinquishment of State Constructed Frontage Roads
Salt Lake City

WHEREAS, the construction of Project I-80-3(57)105 has resulted in the construction of a frontage road, Apollo Drive, in the northwest quadrant of the 5600 West Interchange, and

WHEREAS, this frontage road connects to Amelia Earhart Drive just west of 5600 West and is an access and service road to the International Center, and

WHEREAS, it has been recommended by Mr. Blaine J. Kay, District #2 Director, and concurred in by Mr. Max G. Peterson, Salt Lake City Engineer, that this frontage road be relinquished and conveyed to the jurisdiction of Salt Lake City.

NOW THEREFORE, be it resolved as follows:

That the Utah Department of Transportation will relinquish and convey the frontage road indicated on the attached mapsheet to the jurisdiction of Salt Lake City for use as a public road subject to the following conditions:

- a. That Salt Lake City may not abandon this road as a public road without prior approval of the Utah Transportation Commission and the Federal Highway Administration.
- b. That should it be found at any time that any part of the facility relinquished is required for the safe operation of the Federal highway the facility will revert to the Utah Transportation Commission without cost.

That the map showing the roadway to be relinquished, the letters of correspondence between Mr. Kay and Salt Lake City officials and the agreement between Salt Lake City and the Utah Transportation Commission are hereby incorporated as a part of this submission.

That by this action Salt Lake City "C" System mileage will increase 0.4± mile,

That this resolution becomes effective upon concurrence by the Federal Highway Administration in the aforementioned relinquishment and conveyance of the roadway in accordance with the requirements of Volume 6, Chapter 1, Section 1, Sub-Section 8, of the Federal-aid Highway Program Manual.

Dated this 18th day of November, 1983.

Re: Disposition of Constructed Frontage Road
Along I-80 West of 5600 West Street

Dear Mr. Barnett:

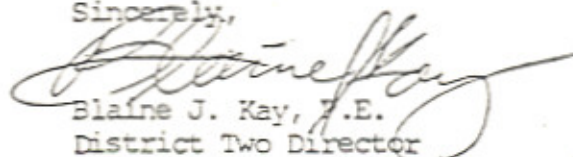

The construction of Interstate Highway I-80 between Saltair and 4800 West required the construction of a frontage road in the northwest quadrant of the 5600 West Interchange. This frontage road connects to Amelia Erhart Drive just west of 5600 West.

This road, which now functions as an access and service road to the International Center, would be better placed under the jurisdiction of Salt Lake City. Its approximate length is 0.4075 mile and its location is shown in orange on the map attached to the agreement.

Transmitted herewith are five copies of a proposed agreement which would place in effect, a transfer of this road to the Salt Lake City Street system. If Salt Lake City approves the acceptance of this section of road, please have signed, four copies of the agreement and return them to this office for further action. The extra copy is for your reference in the interim until we can provide you with your original counterpart of the fully executed agreement.

Your support in assuring appropriate alignment of jurisdiction and responsibility in Salt Lake City's ground transportation system, is appreciated.

Sincerely,

Blaine J. Kay, P.E.

AGREEMENT

CITY RECORDER

In accordance with Sections 27-12-27, 27-12-28, 27-12-29 and 27-12-102 of the Utah Code Annotated 1953 as amended.

THIS AGREEMENT, made and entered into this FEB 19 1985 day of _____, 19____, by and between the UTAH DEPARTMENT OF TRANSPORTATION, hereinafter called the "Commission" and the Authorized Officials of Salt Lake City called "City",

WITNESSETH:

WHEREAS, the Commission is in the process of constructing Interstate Highway 80 between Saltair and Redwood Road, known as Project Nos. and I-80-3(57)105 and I-80-3(5)116 has prepared a plan showing that a portion of the highway within the limits of and/or affecting the roads of City.

The plan which is attached to and becomes a part of this agreement shows the location of the proposed highway, the location of proposed access and frontage roads, and the roads which cross or connect with existing roads in City.

The plan is marked to show roads to be realigned or abandoned and requiring a transfer of maintenance responsibility, and

NOW THEREFORE, it is agreed:

1. The Commission, in the construction of the highway project, will at the expense of the Commission, make the changes in the roads of City in accordance with the plan, or as may hereafter be agreed between the parties hereto.

2. City agrees and consents to the construction of the proposed highway project with the access and frontage roads and crossings of and connections with City roads as shown on the plan; also, to the closing, relocation, abandonment, or transfer of the roads as shown by the special markings on the plan.

3. The Commission will retain control and maintenance of the roads which are adopted or recommended for adoption by the Commission or by the Utah State Legislature as a part of the State Highway System and are so marked on the plan. City will assume control and maintenance of all other road which are within its jurisdiction and as marked on the plan upon notice from the Commission.

CITY RECORDER'S COPY
RETURN TO ROOM 311 C & C BLDG.

4. Terms of this agreement shall take affect upon the completion of construction of I-80 between Saltair and Redwood Road and after I-80 and Relocated North Temple Street have been opened to traffic in the approximate sequence and schedule as follows:

Section I from 4800 West to west city corporate limits at approximately 8900 West is scheduled for transfer to City in the late fall of 1984. At the time traffic is relocated to the Interstate highway, the direct connection of Charles Lindbergh Drive to the through lanes shall be terminated.

Section II from approximately 2200 West to 4800 West is scheduled for transfer to the City in late 1986 or early 1987.

5. Upon the completion of the construction of the 4800 West interchange, all ingress to or egress from 4800 West Street at North Temple Street shall be forever closed.

6. This agreement may be modified at any time by the mutual consent of the parties hereto, as may become necessary in the public interest.

IN WITNESS WHEREOF, the parties hereto have caused this agreement to be executed by their duly authorized officers on the day and year listed above.

SUBJECT: Agreement for Transfer of Jurisdiction of Completed
Frontage and Access Roads
Projects I-80-3(57)105 & I-80-3(5)116

Forwarded herewith for further action in final approval and the promulgation of an appropriate Transportation Commission resolution is a draft agreement for the construction of the subject project. This agreement includes several changes in the City streets and the addition of access and frontage roads and assignment of responsibility and jurisdiction to both UDOT and Salt Lake City Corporation. The specifics of location and respective road sections are clear and self explanatory in the text of the agreement.

Your assistance in expediting the final approval and official action of transfer is very much appreciated.

Room 201
Salt Lake City, Utah 84111

Dear Norm:

Construction completed or now underway will place in service Interstate Highway 80 between Saltair and 4800 West, with a temporary transition to North Temple at approximately 4800 West. Subsequent projects expected to be let to contract in the near future will extend Interstate 80 traffic service from 4800 West to Redwood Road.

With the transfer of traffic from existing facilities to the new Interstate Highway, there is reason to realign the jurisdictional control and responsibility for administration and maintenance. As is traditional, the completed frontage roads, new access roads, and the sections of old highway retained to serve local traffic are transferred to the appropriate local jurisdiction. In this situation, old US-40 between the Salt Lake City Corporate limits at approximately 8900 West Street and 2200 West, along with new frontage and access roads, would become the responsibility of Salt Lake City for future maintenance, administration and jurisdiction. To this end, we have prepared a proposed agreement which defines the road sections involved, intent and schedule for an orderly transfer of respective jurisdiction and responsibilities. The first section, between the West City limits and 4800 West, is scheduled for completion late fall of this year. The second section of I-80 completion from 4800 West to Redwood Road will involve change in responsibility and jurisdiction of North Temple Street between 4800 West and 2200 West.

All interests and rights associated with the highway facility goes with the transfer of responsibility and jurisdictions. To assist you in evaluating those interests and rights which the City will acquire, we are submitting herewith a map which shows by color code the various types of title we have in the rights of way.

Mr. Norman Barnett

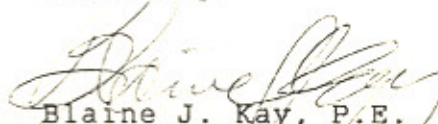

-2-

June 27, 1984

Review of these agreements and early approval by the City will be very much appreciated. On approval, we will proceed in finalizing the transfer through the Utah Transportation Commission and the Utah State Legislature.

The fine cooperation and support of Salt Lake City in development of the Metropolitan Interstate Highway System has been invaluable and appreciated very much.

Sincerely,

Blaine J. Kay, P.E.

RESOLUTION

Relinquishment of State Constructed Frontage Road
Project No. I-80-2(13)64
Tooele County

Whereas, Sections 27-12-27, 27-12-28, 27-12-29, and 27-12-102 of the Utah Code 1991 provide for the addition or deletion of highways from the State System, along with Deletion of Highway from State Highway System - return to County, City or Town or Abandonment, also Disposition of portion of highways realigned and Abandonment of easement or vacation of highway, and

Whereas, it has been determined that a state constructed frontage road connected with project I-80-2(13)64, was not relinquished when stated construction project was completed, and

Whereas, this road serves as a public road though not justified as part of the State System of Highways, and

Whereas, the Utah Department of Transportation will enter into an agreement with duly appointed officials of Tooele County regarding relinquishment of a state constructed frontage road depicted on Project No. I-80-2(13)64, and

Whereas, the appropriated staff of the Transportation Planning Division has reviewed the frontage road situation in and around the Delle Interchange and having consulted with the District 2 Director concurs with the need to transfer stated frontage road to the jurisdiction of Tooele County.

NOW THEREFORE, be it resolved as follows:

1. Roadway constructed as Part of Project No. I-80-2(13)64, Frontage Road #2 from Engineer Station 3+00 to Engineer Station 20+14.87 a distance of 0.32± miles, along with frontage road extending west beyond the beginning Engineer Station 3+00 a distance of 3.41± miles be relinquished to the jurisdiction of Tooele County.
2. This roadway will continue to be Functionally Classified Local Road and will continue to receive Class "B" road funds.
3. The stated relinquishments will be actuated upon approval of the Transportation Commission, and signing of stated agreement between the Utah Department of Transportation and Tooele County Officials.
4. The accompanying letter, copy of agreement, and map will be made part of this resolution.

Re: Transfer of Jurisdiction of Frontage Road

Dear Mr. Johnson:

In order to formalize the transfer of maintenance responsibilities for the frontage road constructed approximately 24 years ago along the southwesterly side of I-80 near Delle, we are submitting three copies of an agreement which require the signature of the Chairman of the Tooele County Commission.

We respectfully request your assistance in obtaining his signature on these documents and return them to us for further processing.

Tooele County is presently receiving Class "C" road funds for this section of road.

In accordance with Sections 27-12-27, 27-12-28, 27-12-29 and 27-12-102 of the Utah Code Annotated 1953, as amended.

THIS AGREEMENT, made and entered into on this 10th day of March, 1992, by and between the Utah Department of Transportation, hereinafter called the "DEPARTMENT", and the Authorized Officials of Tooele County hereinafter called "County".

WITNESSETH:

WHEREAS, the DEPARTMENT has completed the construction of a highway between Low and Delle, known as Project No. I-80, and has prepared a plan showing that portion of the highway within the limits of and/or affecting the roads of "County".

The plan, which is attached to and becomes a part of this Agreement, shows the location of the completed highway, the location of access and frontage roads and the roads which cross or connect with existing roads in "County".

The plan is marked to show roads which have been realigned or abandoned and/or those roads requiring a transfer of maintenance responsibility, and

NOW THEREFORE, it is agreed:

1. The DEPARTMENT, in the construction of the highway project, has at the expense of the DEPARTMENT, made the changes in the roads of "County" in accordance with the plan, or as may hereafter be agreed between the parties hereto.
2. "County" approves the completed highway project with the access and frontage roads and crossings of and connections with "County" roads, as shown on the plan; also, to the closing, relocation, abandonment, or transfer of the roads as shown by the special markings on the plan.
3. The DEPARTMENT will retain control and maintenance of the roads which are adopted or recommended for adoption by the "DEPARTMENT" or by the Utah State Legislature as part of the State Highway System, and are so marked on the plan. "County" will assume control and maintenance of all other roads which are within its jurisdiction, and as marked on the plan upon notice from the "DEPARTMENT". Notification will be given by the DEPARTMENT at the time maintenance responsibility is to be assumed by "County".
4. This Agreement may be modified at any time by the mutual consent of the parties hereto, as may become necessary in the public interest.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed by their duly Authorized Officers on the day and year listed above.

RESOLUTION

Relinquishment of State Constructed Frontage and Cross Roads Project No. I-80-4(30)135 Summit County

Whereas, Section 27-12-27, 27-12-28, 27-12-29 and 27-12-102 of the Utah Code 1992 provide for the addition or deletion of highways from the State System, along with Deletion of Highway from State Highway System - return to County, City or Town or Abandonment, also Disposition of portion of highways realigned and Abandonment of easement or vacation of highway, and

Whereas, it has been determined that state constructed frontage road ("S" Line), along with a cross road ("E" Line), Summit Interchange and a cross road ("H" Line), Jeremy Ranch Interchange, connected with project I-80-4(30)135, were not designated as county roads when state construction project was completed, and

Whereas, these roads serve as public roads though not justified as part of the State System of Highways, and

Whereas, the Utah Department of Transportation will enter into an agreement with duly appointed officials of Summit County regarding relinquishment of stated frontage and cross roads depicted within Project No. I-80-4(30)135, and

Whereas, the appropriate staff of the Transportation Planning Division has reviewed the frontage and cross road situation in and around the Summit Park and Jeremy Ranch Interchanges, and having consulted with the appropriate officials in District 2, concur with the necessity to designate stated frontage and cross roads to the jurisdiction of Summit County.

NOW THEREFORE, be it resolved as follows:

1. Roadway known as "S" Line (frontage road), Summit Interchange, from Engineer Station 9+98.00 to Engineer Station 35+63.15 a distance of 0.49± miles, along with roadway known as "E" Line (cross road), Summit Interchange, from Engineer Station 10+25.65 to Engineer Station 19+99.00 a distance of 0.18± miles, and roadway known as "H" Line (cross road), Jeremy Interchange from Engineer Station 10+17.00 to Engineer Station 23+68.00 a distance of 0.26± miles, a total distance of 0.93±, constructed as parts of Project No. I-80-4(30)135, be relinquished to the jurisdiction of Summit County.
2. These roadways will be functionally classified as "Local Road".
3. The stated relinquishments will be actuated upon approval of the Transportation Commission, and signing of stated agreement between the Utah Department of Transportation and Summit County Officials.
4. The accompanying memo, letter, copy of agreement, and map will be made part of this resolution.

Coalville, UT 84017

Dear Mr. Richins:

In examining our records, we found that the frontage road on the north side of the Summit Park Interchange and the Crossroads under I-80 at Summit Park and Jeremy Ranch Interchanges, had not been officially transferred to the jurisdiction of Summit County.

We hereby respectfully ask you to sign the enclosed documents (3 copies) and return them to our office for further processing.

The Utah Transportation Commission will then formally adopt a resolution of the transfer and a copy of this agreement will be forwarded to you.

Sincerely,

Gene Sturzenegger, P.E.

A G R E E M E N T

In accordance with Sections 27-12-27, 27-12-28, 27-12-29 and 27-12-102 of the Utah Code Annotated 1953, as amended.

THIS AGREEMENT, made and entered into on this _____ day of _____, 1992, by and between the Utah Department of Transportation, hereinafter called the "DEPARTMENT", and the Authorized Officials of Summit County hereinafter called "County".

WITNESSETH:

WHEREAS, the DEPARTMENT has completed the construction of a highway between Parleys Summit and Kimball's Junction, known as Project No. I-80-4(30)135, and has prepared a plan showing that portion of the highway within the limits of and/or affecting the roads of "County".

The plan, which is attached to and becomes a part of this Agreement, shows the location of the completed highway, the location of access and frontage roads and the roads which cross or connect with existing roads in "County".

The plan is marked to show roads which have been realigned or abandoned and/or those roads requiring a transfer of maintenance responsibility, and

NOW THEREFORE, it is agreed:

1. The DEPARTMENT, in the construction of the highway project, has at the expense of the DEPARTMENT, made the changes in the roads of "County" in accordance with the plan, or as may hereafter be agreed between the parties hereto.
2. "County" approves the completed highway project with the access and frontage roads and crossings of and connections with "County" roads, as shown on the plan; also, to the closing, relocation, abandonment, or transfer of the roads as shown by the special markings on the plan.
3. The DEPARTMENT will retain control and maintenance of the roads which are adopted or recommended for adoption by the

highway between Parleys Summit and Kimball's Junction, known as Project No. I-80-4(30)135, and has prepared a plan showing that portion of the highway within the limits of and/or affecting the roads of "County".

The plan, which is attached to and becomes a part of this Agreement, shows the location of the completed highway, the location of access and frontage roads and the roads which cross or connect with existing roads in "County".

The plan is marked to show roads which have been realigned or abandoned and/or those roads requiring a transfer of maintenance responsibility, and

NOW THEREFORE, it is agreed:

1. The DEPARTMENT, in the construction of the highway project, has at the expense of the DEPARTMENT, made the changes in the roads of "County" in accordance with the plan, or as may hereafter be agreed between the parties hereto.
2. "County" approves the completed highway project with the access and frontage roads and crossings of and connections with "County" roads, as shown on the plan; also, to the closing, relocation, abandonment, or transfer of the roads as shown by the special markings on the plan.
3. The DEPARTMENT will retain control and maintenance of the roads which are adopted or recommended for adoption by the "DEPARTMENT" or by the Utah State Legislature as part of the State Highway System, and are so marked on the plan. "County" will assume control and maintenance of all other roads which are within its jurisdiction, and as marked on the plan upon notice from the "DEPARTMENT". Notification will be given by the DEPARTMENT at the time maintenance responsibility is to be assumed by "County".
4. This Agreement may be modified at any time by the mutual consent of the parties hereto, as may become necessary in the public interest.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed by their duly Authorized Officers on the day and year listed above.
